Recessed Units

The JDS combination recessed range consists of a waste bin and hand towel unit. The stylish space saving unit holds approx 400-500 hand towels and will dispense c/fold or multi-fold paper. The wastebin has an approx capacity of 18ltrs and can be fitted with either a plastic bag or solid bin liner. Both these products are ideal in high volume areas and executive washrooms.

| Product description | Part No | Carton Qty | |
|--|--|--------------|---|
|  | Brushed Stainless Recess Hand Towel Dispenser | RECPTMBS | 2 |
|  | Brushed Stainless Recess Wastebin (Bag Strap System) | RECBINMBS | 2 |
|  | Brushed Stainless Recess Wastebin (Internal Chute Bin) | RECBINLINMBS | 2 |

Air Freshener Cover

Another new product, this air freshener unit will make sure a washroom not only smells inviting but looks refined and classy. This unit replaces the plastic cover and it works exactly the same but looks aesthetically pleasing on the eye. This product includes the programmable air freshener backplate.

| | White Metal Three Roll Dispenser | PL45MWH | |

Corematic 2 Roll Dispensers

Unique design and styling enables this dispenser to fit in small areas without taking up valuable space. Fitted with a slim line lock, this dispenser enables the storage of two corematic toilet paper rolls. As the first roll is used up, the core splits allowing the second roll to fall effortlessly into place. The dispenser is designed to hold all variants of corematic paper that's currently available in the market place.
